November 12th, 13th, 14th

Day 1 – 75 bird walked up/mini driven shoot

Day 2 – 75 bird walked up/mini driven shoot

Day 3 – 150 bird full driven shoot

Species – Our driven shoots focus on pheasant, but during the walked/up mini driven there is a chance to shoot duck, partridge, snipe, woodcock, and pigeon.

Walked up/Mini driven – In a walked up shoot, the guns are accompanied by the gamekeeper and a few beaters with dogs walking up hedgerows, small woods and rough ground, as well as through game crops that have been specifically planted to give cover to game in managed areas. A mini driven shoot allows some guns to be on pegs while the remaining guns walk with the gamekeeper and beaters.

Full driven - Driven shooting is the most formal type of game shooting, having changed little since Victorian times. Etiquette, sportsmanship and safety are paramount as is a friendly respect for your fellow guns and ultimate respect for your quarry. Guns are positioned in a line about 20-30 meters apart from each other, standing at a fixed peg. The birds are driven towards the guns by a very organized team of beaters and dogs.

Typical Day – Each shoot begins with breakfast at Craigsanquhar before departing to the shooting estate. You will shoot approximately 2 drives, during which elevensies are provided, before retreating for a hot lunch next to an open fire. After lunch you will complete an additional 2 drives before returning to Craigsanquhar. On the driven day, an afternoon snack and chilled champagne are served prior to departure back to Craigsanquhar.
